Before you go to market with your product, make sure that your Nutritional Facts Label has been tested accurately. Intertek can help with your product analytical requirements by providing you with first class, professional analytical services to test your product for the required Mandatory FDA Food Nutritional Information.

Intertek Can also provide you with other Food Testing Analytical Services such as:

- Heavy Metals
- Pesticide Residues
- Microbiology
- Trace Elements Analysis
- Mycotoxins

Need help with your Label design and Label review? Intertek can offer these services through our Food Services experts. These experts can also help you with:

- Shelf Life Studies
- Stability Testing Studies

Nutritional Labeling and Food Analytical Services can be complex. Leave these services to the experts at Intertek.
