International market leader for secure transition of corporate analytical facilities

- Experience in management & efficient operation of R&D and plant QC labs
- Breadth of technical competence
- Cost savings
- Alignment with parent company culture
- Added value and innovation
- Zero conflict of interest
- Track record

Many Successful Outsourcing Models

Samples analysed on *ad-hoc* or contract basis at Intertek labs to support, or replace, 'in-house' services.

Facilities Management of customer laboratory by Intertek.

Design, build, commission, manage new laboratory by Intertek for customer.

Intertek takes over customer 'in-house' lab and runs it as an independent facility. Staff and assets transfer to Intertek.

The Future at Intertek MSG?

Focus on upholding secure transition, excellence in service provision and cost efficiency to ICI and MSG's existing customers

Further investment in new instrumentation and skills; customer led

Build on the current expertise base to expand into new analytical technologies and services to enhance the value of MSG to all

Total Customer Focus!
